SHATTA WALE APOLOGISES TO GSPD

The Ghana Society of the Physically Disabled (GSPD) acknowledges receipt of an apology from Shatta Movement Empire on April 18, 2024.

The apology stated amongst other things that "*We understand that the wording of the statement may have been insensitive and we acknowledge the concerns raised. It was not our intention to cause harm, and we value and respect the contributions and rights of individuals with disability in our society*".

They further stated "*We are committed to promoting inclusivity and understanding, and we will strive to be more mindful of our words and actions in the future*".

We accept the apology and appreciate their commitment to promoting inclusivity as there is the need for all of us to work together and create a more inclusive environment for all, regardless of disabilities.

We will also like to use this opportunity to thank all members of the disability community for their patience and all stakeholders for their support.

Let us be mindful of the reality that disability can be anyone's lot anytime.

Thank you
